Petitions to revive under 37 CFR 1.137(a) or (b), or requests to withdraw the holding of abandonment under 37 CFR 1.181, should be promptly filed to minimize any negative effects on patent term.

Item 7 -

Other reasons for holding abandonment: It is noted that a letter was received 12/06/2004 requesting a change in address and requesting that the non-final action of 11/18/2004 be remailed to the new address and that the time period for response be restarted. The 12/06/2004 letter is signed by the inventor and the paper does not name any new power of attorney. The change in correspondence address has been recorded. The time period for response to the 11/18/2004 non-final Office action will not be restarted, as the request was received after the mailing of the non-final action. The time period continues to run from the date of mailing of the non-final action. Applicant is directed to MPEP §710.06 for situations where the reply period is reset or may be restarted in the event of an error or defect in an Office action. In this case, there is no mechanism for restarting the time period, as there would not appear to be any supposed error or defect in the last Office action. Moreover, the applicant is encouraged to review MPEP §601.03 regarding change of correspondence address.

37 CFR §1.135(a) specifies that an application becomes abandoned if applicant "fails to reply" to an Office action within the fixed statutory period. Applicant is further being made aware that the files of abandoned applications are pulled on a biweekly basis 1 month after the full 6-month statutory period has expired. The date of abandonment is after midnight of the date on which the set shortened statutory period, including any extensions under 37 CFR §1.136, expired. In this case, the shortened statutory period expired 02/18/2005. The 6-month statutory period expired 05/18/2005. Thus, this application is ABANDONED.

Applicant is advised that the abandonment of this application may only be overcome by filing a petition to revive under 37 CFR 1.137. A petition to revive may be appropriate if applicant's failure to reply was either unavoidable or unintentional, as set forth below.

A. Failure to reply was unavoidable.

A petition to revive an abandoned application on the grounds that the failure to reply was unavoidable (37 CFR 1.137(a)) must be accompanied by: (1) the required reply (which has been filed); (2) a showing to the satisfaction of the Director that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(a) was unavoidable; (3) any terminal disclaimer required pursuant to 37 CFR 1.137(d); and (4) the petition fee as set forth in 37 CFR 1.17(l). No consideration to the substance of a petition will be given until this fee is received.

The showing requirement can be met by submission of statements of fact establishing that the delay in filing the reply was unavoidable, as well as inadvertent. This must include: (1) a satisfactory showing that the cause of the delay resulting in failure to reply in timely fashion to the Office action was unavoidable; and (2) a satisfactory showing that the cause of any delay during the time period between abandonment and filing of the petition to revive was also unavoidable.

A terminal disclaimer and the terminal disclaimer fee are required under 37 CFR 1.137(d) if the application is: (1) a design application, (2) a utility application filed before June 8, 1995, or (3) a plant application filed before June 8, 1995. The terminal disclaimer must dedicate to the public a terminal part of the term of any patent granted the application equivalent to the period of abandonment of the application, and must also apply to any patent granted on any application containing a specific reference under 35 U.S.C. 120, 121 or 365(c) to the application for which revival is sought.

B. Failure to reply was unintentional.

A petition to revive an abandoned application on the grounds that the failure to reply was unintentional (37 CFR 1.137(b)) must be accompanied by: (1) the required reply (which has been filed); (2) a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional; (3) any terminal disclaimer required pursuant to 37 CFR 1.137(d) (see above discussion); and (4) the \$*** petition fee as set forth in 37 CFR 1.17(m). No consideration to the substance of a petition will be given until this fee is received. The Director may require additional information where there is a question whether the delay was unintentional.

The required items and fees must be submitted promptly under a cover letter entitled "Petition to Revive."
